## Four Wheel Drive Tour Details

### **General:**

You will be met by your tour guide at the Port Lincoln Visitor Information Centre. Please note that untimed car parking is available in several locations nearby.

All of our vehicles are modern, comfortable and accredited. All tours operating within National Parks are accredited by the Department for Environment and Heritage. Drivers are also fully accredited and trained in first aid.

The tracks we travel on involve extreme four wheel driving through deep sand, along beaches and over rocky ground. Some say the drive is as good as the scenery!

On full day tours, lunch will be provided.

### **What to bring:**

You need bring very little. The following list should be carefully followed.

- Water – we suggest one litre. We do carry some water so you may refill your bottle if needed.
- Hat – a broad-brimmed hat. We have good quality waterproof yet breathable hats embroidered with our name and logo for sale @ \$25. Please let us know on booking if you require one.
- Clothing. Please dress according to weather conditions, and remember that it is often much cooler on some of the beaches we visit.
- Camera (optional) – please ensure you have new batteries and spare film or room on your storage card. You will want to take plenty of photos.
- Sunglasses (optional) – as we will be in the sun and wind at times, glasses are strongly suggested.
- Sense of adventure – relax and enjoy an experience with a difference. The not-so-young often loose decades on our tours!
